THE OFFICE TEAM

Meet the office team.
Alex, Elaine, Paul, Deb and Steph

Advocate Newsletter

Having created new partnerships and recruited several new Support Workers, our strong pool of staff has grown in order to cope with the increasing demand.

Needless to say, our stringent recruitment process allows Advocate Education LLP to recruit only the most professional of Support Workers.

Both Paul and Elaine have completed Safer Recruitment training through Safeguarding First. This means our safeguarding checks are as strict as your own.

For further peace of mind, we are also audited annually by the APSCo Compliance + team.

Should you wish to learn more about our services, why not request a visit from one of the team.
